Caribou	10 Days	\$10,500 ea.

Trophy Fees on animals taken incidentally during contracted hunts are as follows:

Black Bear.....	\$2,500
Wolf.....	Free

- Prices do not include roundtrip bush flight which is \$3,500.
- Prices do not include Alaska state hunting license, tags or staff gratuity.
- Packers are available upon request for \$1,000 each.
- Packers are optional except when a Moose is harvested. It takes a minimum of 2 packers to properly care for a harvested Moose in the field. There may be additional bush flight costs as well, to bring packers in, and fly meat out. Typically, clients have no problem with these additional costs as it can take several days to pack out a harvested Moose. Packers are especially crucial for success if you purchase a combination hunt because they give you the opportunity to continue hunting while your trophy Moose is being cared for properly.
